Online Safety Learning Organiser – Year 2 Autumn 1 – "What would the world be like without trees?"

Prior Learning (What we already know?)

- To know what to do if someone makes them feel sad, embarrassed or upset.
- To know that unkindness can happen in real life and online.
- To identify their own trusted adults.
- To know ways that the internet is used to communicate.
- To know why it is important to be considerate and kind to people online.
- To know ways that information can be put on the internet.
- To know that information can stay online and could be copied.

New Learning

- To be able to explain how other people's identity online can be different to their identity in real life.
- To be able to describe ways in which people might make themselves look different online.
- To give examples of issues online that might make me feel sad, worried, uncomfortable or frightened; I can give examples of how I might get help

New Skills

To know when to tell an adult about a worry when on the computer

To understand that what a person says online might not be the truth

To understand a photo can be copied from anywhere and might not be the person

To recognise what makes mw worried when I am on the computer

I can find a person to goa and speak to when I need to.

Key Questions

What is identity?

Why might people make themselves look different online?

When might you feel sad, worried, uncomfortable or frightened?

How can you get help?

Vocabulary

Identity, Self-image, real life, Differences, Online

Sad, worried, uncomfortable, frightened

Key Facts

Online safety is about staying safe online and when using technology.

Identity is what makes up a person and what makes them unique: personality, qualities, experiences, appearance, etc.

People can pretend to be someone they are not online because you cannot always see them.

Trusted adults are people you know and who you can trust e.g. family members, teachers, doctors, police, etc.

Cyberbulling is a form of bullying which happens online or via technology.
