

Weekly Round-up

Friday 24th March 2023

Term times

Happy Friday Everyone!

THINK IT.

We are planning another Aspiration's Day for years 4, 5 and 6 on the 19th May. In the past this has been a day when parents and friends of the school, come to school for the day and share their profession and the skills that it includes, and for some the equipment and tools that they use. We have had a fantastic time and we have been amazed by the wide variety of professions we have in our community. We hope this day will spark ideas of future careers to aspire towards. Thank you to all the parents that have contacted me already. If you would like to be involved or have a member of the family that would be able to attend, please email Mrs Heather mheather@buckdenacademy.org

Thank you to everyone who took part in celebrating Odd Socks Day for World Down Syndrome Awareness. We had a tremendously successful assembly where we learnt about what makes us all different and special. A super team of helpers from across the school worked hard to get this message across to everyone- Well Done Team! We also talked about our Super Powers and what makes us unique. Ask your child if they can tell you what superpower they have?

BELIEVE IT.

Our school is part of the Letter-join handwriting scheme and all our pupils are able to log into the Letter-join website at home on iPads, tablets and computers. Here they will be able to access the resources which we use in school and improve their fine motor skills and handwriting techniques. For log-in details, please [click here](#).

RECIPES 

Check out 'Everything Environmental' on the website for plant-based recipes. [Click here!](#)

Live it! - Eco tip

Soak labels off glass containers. Simply by soaking the labels off glass jars and bottles, you'll have brand-new containers to reuse around the house. A jar bottle could hold pens and pencils on your desk, store craft items, or even display flowers.

LIVE IT.

[Click here to find out what is going on locally.](#)

Homework

Talk

Linking learning from the classroom to life at home can help to improve language and communication skills. We will continue these discussions in class next week.

- Acorn
- Adder
- Bluebell
- Bramble
- Dandelion
- Fern
- Heron
- Kingfishers
- Magpie
- Newt
- Otters
- Raven
- Willow
- Wren
