

Weekly Round-up

Friday 12th May 2023

Happy Friday Everyone!

We hope you had a lovely Bank Holiday Weekend, celebrating the King's Coronation. Last Friday we had our own celebrations, we started the morning with our year 6 entertaining the parishioners of St Mary's with their singing. In the afternoon, after a lovely picnic lunch put on by Mrs Bigg and her staff, there was singing (which included the Coronation song) dancing, stone painting, face painting, contributions to a time capsule and crown making. It was a lovely afternoon, which was enjoyed by all involved.

THINK IT.

Next week is Walk to School Week. We would like to ask all children and parents to make an effort to walk to school, or cycle or scoot, rather than use the car. Making this change, even for one day next week, will support inclusivity, sustainability, health, mindfulness and friendship. Classes will be asked each morning how they travelled to school and at the end of the week the class with the highest percentage of walkers will be celebrated. We suggest that a sensible parking area for those of you who live further away from the school is the car park at the Millennium Hall and Buckden Library.

Happy Walking!!!

Do you love books and have a little spare time to spare or know someone in the village who does? We are looking to build a team of volunteers around our library organising, tidying and cataloguing our library books to ensure our children can use our library with ease.

Please contact Mrs Heather on mheather@buckdenacademy if you are interested.

Our reception classes really enjoyed a wonderful trip this week to Paxton Pits. The children loved the experience and were extremely worn out by the end of the day. The highlights were pond dipping, seeing a cormorant and building an otter holt.

BELIEVE IT.

30 Days Wild is The Wildlife Trusts' annual nature challenge where we ask the nation to do one 'wild' thing a day every day throughout June.

Your daily wild activities can be anything you like - you might be having breakfast with the birds on Monday, feeling the grass between your toes on Tuesday, and watching wildlife webcams on Wednesday. There's no set structure, so you can take part in a way that suits you. Alongside benefiting your local wildlife, taking part in 30 Days Wild is scientifically proven to make you feel happier, healthier, and more connected to nature.

Anyone can take part in 30 Days Wild, we even have resources for schools, care homes and businesses. Sign up today and receive a FREE pack in the post, plus lots of inspiration for activities.

RECIPES

Check out 'Everything Environmental' on the website for plant-based recipes.

Homework

Linking learning from the classroom to life at home can help to improve language and communication skills. We will continue these discussions in class next week.
