

THE MELTING SONG

- 1 Drip, drop, can you hear a sound?
Drip, drop, drip, drop.
Drip, drop, can you hear a sound?
Drip, drop, drip, drop.
The icebergs where we like to play
Are melting, melting away,
Drip, drop, drip, drop, drip, drop.
- 2 Drip, drop, can you hear a sound?
Drip, drop, drip, drop.
Drip, drop, can you hear a sound?
Drip, drop, drip, drop.
The snowy hills where we like to slide
Are melting in front of our eyes,
Drip, drop, drip, drop, drip, drop.
- 3 Drip, drop, can you hear a sound?
Drip, drop, drip, drop.
Drip, drop, can you hear a sound?
Drip, drop, drip, drop.
The icy land where we like to meet
Is melting under our feet,
Drip, drop, drip, drop, drip, drop.
Drip, drop, drip, drop, drip, drop.
