

Think It.

Believe It.

Live It.

**Friday 4th September 2026
Weekly Round-up
Term Times**

Welcome back, everyone! After a summer filled with sunshine, adventures, and (hopefully) plenty of ice cream, we're excited to open our doors for a brand-new school year. The classrooms are ready, the teachers are energised, and the corridors are already buzzing with the promise of new friendships, big ideas, and unforgettable moments. This week's newsletter will be short and sweet — but don't worry, it'll grow more info-packed and jam-packed with updates as the weeks go on! Here's to fresh starts, bright smiles, and a year full of learning, laughter, and discovering just how much we can achieve together.

We've recently discovered that an Arbor update over the summer has caused some of our emails to be redirected into Spam or Junk folders.

This means you may not be seeing important messages from us.

To make sure Arbor emails arrive safely in your main inbox, please follow the simple steps below to update your security settings. This will help ensure you don't miss any key information from school.

1. Check your Spam/Junk folder Look for any recent Arbor emails.
2. Mark the email as "Not Spam" This tells your email provider to move future Arbor messages to your inbox.
3. Add Arbor to your contacts Add noreply@arbor-education.com (or the address shown) to your contacts so it's recognised as safe.
4. Add Arbor to your Safe Senders list In your email settings, add the Arbor email address to "Safe Senders" or "Allow List".
5. Refresh your inbox Future Arbor emails should now arrive in your main inbox.

Once you've completed these steps, Arbor emails should arrive in your main inbox so you don't miss any important information from school.

Thank you for taking the time to update your settings.

Slow After-School Activities

- Quiet reading nook — A comfy corner, soft blanket, and a short story or picture book. Ten minutes is enough to reset their brain.
- Gentle drawing time — No prompts, no tasks. Just crayons, pencils, or watercolours and a quiet table.
- Calm outdoor walk — A slow stroll around the block or garden to decompress from the school day.

Homework Talk

Linking learning from the classroom to life at home can help to improve language and communication skills. We will continue these discussions in class next week.
